DETAILED ACTION

Examiner's Amendment.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

A telephone call was made to Mr. John Penny on July 22, 2005 for a restriction requirement. He agreed to cancel claims 11-14 drawn to a semiconductor device without traverse.

Cancel claims 11-14.

Reason for allowance

The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed Methods for Manufacturing Semiconductor Devices having a multiple layered wafer structure that includes on a semiconductor substrate, a first dielectric layer, a single crystal semiconductor layer formed on the dielectric layer, a semiconductor nano-crystal layer formed on the single crystal semiconductor layer, and a second dielectric layer formed on the semiconductor nano-crystal layer, wherein laser irradiation is conducted from a side of the second dielectric layer, to thereby separate the second dielectric layer from other layers of the multiple layered wafer structure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
